WHY CHOOSE THIS PRODUCT

Product advantage: Hotel brand exclusive color customization, that is install and live, no need to air, no need to cement sand, rough old room wall renovation, for hotel, toilet, catering, fast food kitchen, office, store, museum, library, medical health care, indoor lightweight new parts.

SPC waterproof wall panel

Traditional decoration

Existing foundation in the bathroom. On the upgrade,a bathroom can be built in two hours.

It takes time and effort to close doors, smash walls and shovel walls.It usually takes more than seven days to recover.

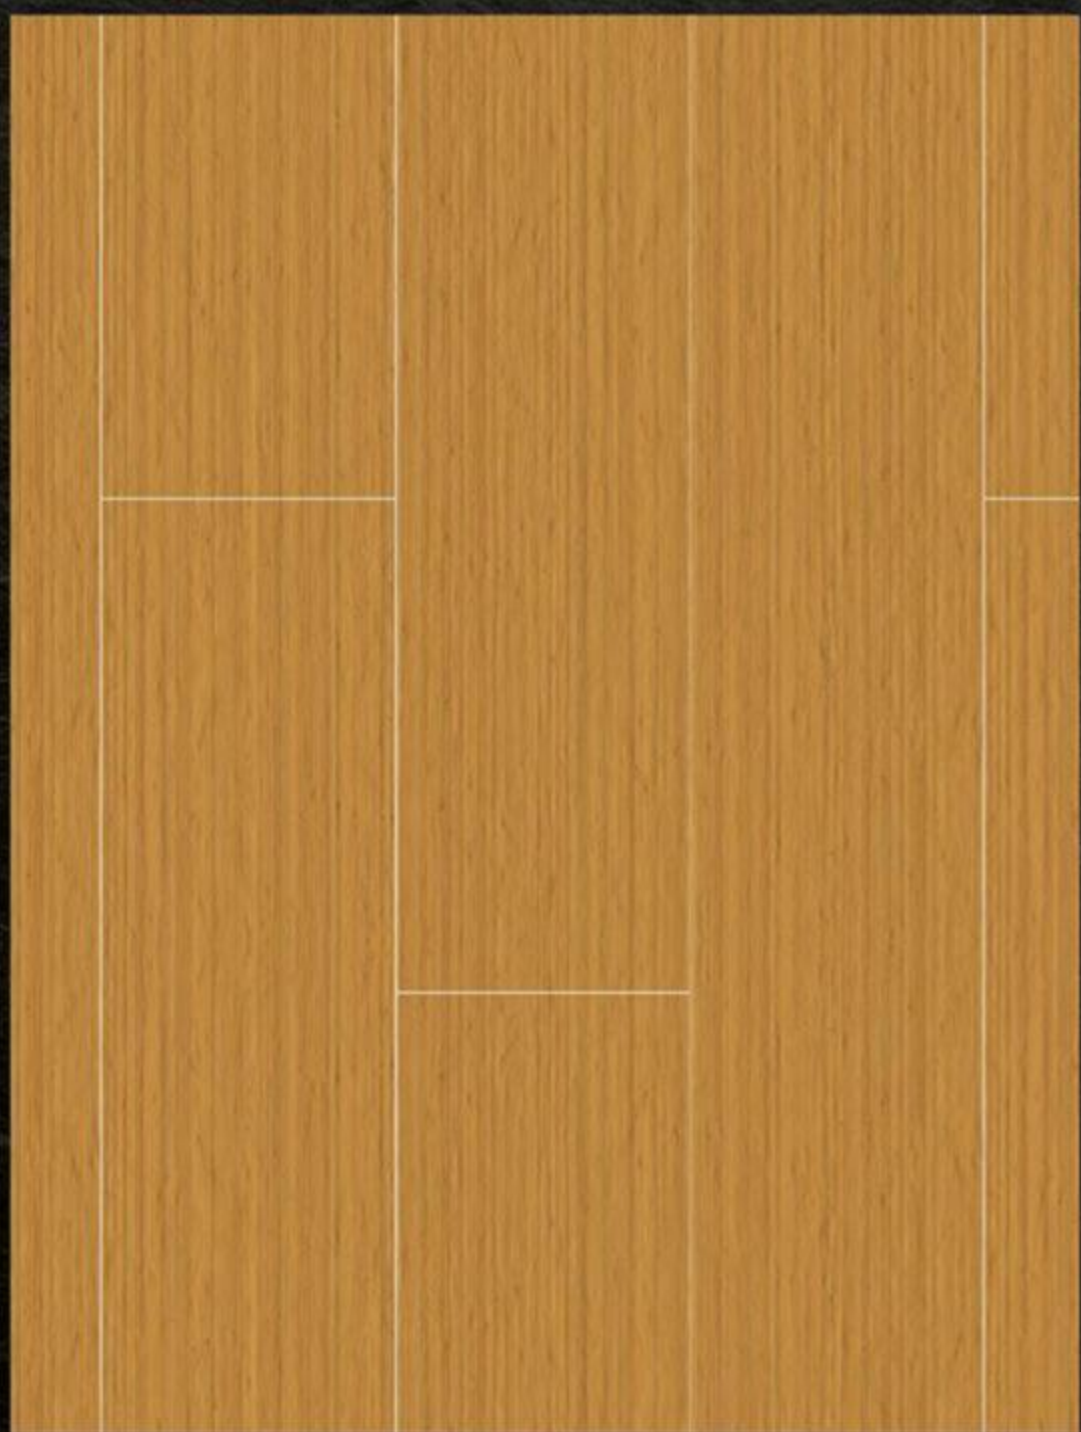

Structural adhesive directly onto the wall,ordinary carpentry can easily do it.

Need sand, cement, tile material cost is high.Many people need to cooperate to complete, high labor costs.
